SUBJECT INDEX TO VOLUME 178

January–December 2013

A

- Abdominal aortic tourniquet
for control of pelvic and lower limb hemorrhage, 1196
- Accelerated Resolution Therapy (ART)
RCT for symptoms of PTSD, 1298
- Accelerometer
effect on fitness in overweight and obese active duty soldiers, 82
- Access to care
impact of patient centered medical home on, 135
increasing and reducing mistrust, considerations for, 291
for interventional pain management, innovations in, editorial, 362(4)
- Accession medical waivers
and deployment duration in U.S. Army, 625
- Active duty military personnel
cholestatic liver injury associated with dietary supplements, e1168
community-acquired methicillin-resistant *Staphylococcus aureus* skin and soft tissue infection surveillance among, 914
evaluation of U.S. Army men for disability discharge, 708
musculoskeletal nonreadiness for combat duty, clinical prediction of, 1365
prescription drug misuse among, 180
psychological distress in spine patient, 1059
soft tissue knee injuries in, risk factors for, 676
transcendental meditation treatment of PTSD in, e836
transforaminal lumbar interbody fusion in, 228
- Active duty service members
psychological health system for, conceptual model of, 596
- Active duty soldiers
male, eating disorder in, e884
obese and overweight, effect of accelerometer on body weight and fitness, 82
- Active duty women
weight gain six months after delivery, 406
- Acupuncture
in acute pain management, editorial, 827(8)
auricular, for military providers, 867
- Acute idiopathic scrotal edema, e890
- Acute motor and sensory axonal neuropathy concurrent with immune thrombocytopenic purpura, e367
- Acute mountain sickness
evaluating molecular basis for, 1256
- Adolescents
dependent, pregnancy rates and risk factors for in military health care system, 412
overweight/obesity documentation through electronic medical record intervention, 115
- Adult-onset Still's disease in soldier deployed to Afghanistan, e1151
- Advanced trauma training program, Rush University, e362
- Aerobic fitness
estimation using a walking fitness test for $\dot{V}O_2$ peak, 753
- Aeromedical evacuation
Army, analyzing future of using mixed methods, 321
- Afghanistan
adult-onset Still's disease in deployed soldier, e1151
combat casualties from, temporal changes in by nationality, 389
combat stress control teams in, commentary, 121(2)
efficacy of combat-exposed vs. unexposed tourniquets, 334
humanitarian care provided by Forward Surgical Team in, 385
managing acute suicidal ideation in a forward deployed location, editorial, 357(4)
penetrating rectal injuries in, surgical management of, 1213
prehospital blood product transfusion by Army MEDEVAC during combat operations, 785
rabies, readiness, and role 1 medical care in, e1159
reintegration and homecoming experiences of nurses after, 166
Sprengel deformity presenting as post-traumatic injury in Afghan boy, e1379
supplement use by deployed Marines, 659
thermal-work strain during Marine rifle squad operations in, 1141
traumatic event management in regional command-south, commentary, 4(1)
- Air Force
effect of Alcohol Misconduct Prevention Program in, 445
primary care providers' knowledge and practices in health care of men who have sex with men, e248
- Alcohol dependence
and PTSD in veterans, biomarkers predicting cognitive performance, 974
- Alcohol use/misuse
binge drinking and propensity to join the military, 37
biomarkers predicting cognitive performance and, 974
depression vs., differences after screening positive for, 1071
effect of Alcohol Misconduct Prevention Program in Air Force training, 445
risk and protective factors associated with symptoms of, 159
- Altitude Performance Test
improvement in after further acclimatization, 507
- Ambulatory surgery
general procedure in, cost of overnight stay following, 665
- American presidents
promotion of health-related behaviors through words and example, 432
- Amputation
neuropathic pain following, buprenorphine/naloxone therapy for opioid refractory, e858
transfemoral for intra-articular synovial sarcoma in knee, e956
- Amputee
lower extremity, vascularized plantar free flap in, 222
residual limb pain in, ultrasound detection of cause, 1291
- ANAM4 TBI reaction time-based tests, prognostic utility for acute concussion, 767
- Anger expression
depression and pain relationship in, 1065
- Animal models
efficacy of two FDA-approved drug combination in mouse model of staphylococcal enterotoxin B-induced shock, 1024
osteomyelitis war wound model, rabbit, 696
- Animal studies(ies)
hypoxia response gene expression patterns in murine populations, 1256
OxyVita effects on systemic and microcirculatory variables in rats, 570
- Antarctica
sleep patterns during field expedition in, 438
- Anthrax
cutaneous, field-based PCR for rapid diagnosis in deployed setting, e944
- Antibiotics
as sterile prefabricated beads, use in combat hospital, 330
- Anxiety
driving-related, in recently deployed personnel, 178
- Aortic dissection
ascending atypical, diagnosed via transthoracic echocardiogram, e855
- Armor-piercing bullet
3-T MRI findings and identification of, e380
- Army
active duty, drug positive rates in, 2001–2011, 1078
